COLLECTION 2026

# BEKIJK DE KOEN PACK CATALOGUS VAN 2026

Met trots presenteren wij onze nieuwe catalogus voor 2026. Sinds 1996 ontwikkelen wij in samenwerking met onze klanten maatwerk, speciaal gericht op een brede afzetmarkt. Daarnaast hebben we een uitgebreide collectie hoezen, vellen, rollen, boekhouders, decoratieve stekers, accessoires en hardware wat wij uit voorraad kunnen leveren. Bloemen en planten mooier maken met respect voor mens en milieu is onze missie.

## EXPLORE THE KOEN PACK 2026 CATALOG

We are proud to present our new 2026 catalog. Since 1996 we have, in collaboration with our customers, developed custom products serving an extensive client base. In addition to that, we offer a wide range of sleeves, sheets, rolls, bouquet holders, decorative picks, accessories and hardware that we can deliver directly from stock. It is our goal to elevate flowers and plants, while keeping people and the environment at the forefront.

Graag nemen wij je mee in de laatste ontwikkelingen en trends voor de komende seizoenen. Zoals je van Koen Pack gewend bent, zijn wij er ook dit jaar weer samen met onze stylisten en trendwatchers uit de mode- en interieurbranche in geslaagd nieuwe dessins en vormen te ontwikkelen die aansluiten bij de consumentenbehoefte van nu. Door jouw bloemen en planten extra waarde te geven in de juiste stijl, voor de juiste smaakgroep, zorgen we ervoor dat mensen nog blijer worden van jouw product.

Transitie, de tijd waarin we leven, geeft spanning, evenals versnelling door bijv. AI. Dreigingen maken dat de hand op de knip gaat. Dus een meer voorzichtige consument. Kleine geluksmomentjes zijn dus hard nodig. Verwennen, met bloemen en planten, mooi verpakt, maakt mensen gelukkig.

Come along as we show you the latest developments and trends for the coming seasons. As is custom for Koen Pack, this year our skilful designers and trend spotters have created new designs that respond to current consumer needs. By elevating and adding value to your flowers and plants with the right, individual style, we heighten the happiness consumers experience.

Transition, the time in which we live, creates tension, as does acceleration, e.g. through AI. Threats make the hand tighten. So a more cautious consumer. Small moments of happiness are urgently needed. Pampering, with flowers and plants, beautifully packaged, makes people happy. This is also Koen Pack's

strength. This year we have again designed our collection for the four most important taste groups. Read more on our website.

Wil je samen eens kijken naar je wensen? Onze designers staan klaar om je te adviseren en te helpen bij het ontwikkelen van je eigen verpakking of decoratie. We houden daarbij rekening met duurzame wensen. Ons motto is 'The Personal Touch', want er gaat niets boven een persoonlijke benadering. Kom langs in onze vernieuwde showroom of neem contact op met onze accountmanagers, want we komen ook graag naar je toe. We staan voor je klaar en verheugen ons weer op een prettige samenwerking!

Our slogan is 'The Personal Touch' and it is not just a fancy line on our letterhead. These words motivate us to work with our customers in a personal way. It is our passion to collaborate with you to create something beautiful that serves your products just perfectly. With a focus on sustainability, a good dose of creativity and many years of experience our expert staff look forward to assisting you. Connect with our account managers to discuss what you are looking for, plan a visit to your location, or stop by to check out our newly decorated showroom. We can't wait to work together.

# BELEEF VERPAKKINGS- TRENDS OP 1000m<sup>2</sup>

**Ben je geïnspireerd geraakt door deze catalogus of de website en wil je het verhaal achter onze unieke collectie ontdekken? We leiden je graag rond door onze showroom, sample room en designstudio aan De Loetenweg 8 in Amstelveen. Ruim 1000 vierkante meter toegevoegde waarde op basis van de laatste trends en ontwikkelingen.**

# EXPERIENCE PACKAGING TRENDS ON 1000m<sup>2</sup>

**Has the catalog or website left you wanting more and would you like to find out more about what influenced our unique collection? Let us show you our showroom, sample room, and design studio on De Loetenweg 8 in Amstelveen to see the products up close and personal. A visit to this 1000 m<sup>2</sup> filled space with the latest trends and developments will leave you inspired.**

Bekijk de nieuwste hardware, verpakkingen en decoraties die consumenten zullen verleiden om nog meer van jouw bloemen, boeketten, planten of arrangementen te kopen.

Laat je informeren over de nieuwste kleuren, dessins en materialen. Ons complete productassortiment varieert van hoezen, tasjes en doosjes tot potcovers, boekhouders, decoratieve vellen en hardware. Ook tonen wij voorbeelden van klantgerichte artikelen die wij in de afgelopen jaren hebben gemaakt. Een bijzondere plek om ideeën op te doen voor je eigen op maat gemaakte verpakking. Voor elk doel heeft Koen Pack een originele verpakking direct uit voorraad leverbaar. Samen met onze designers creëren we de mooiste combinaties voor jou!

Admire the newest hard goods, packaging, and decorations that will entice consumers to purchase your flowers, bouquets, plants or arrangement even more.

Our team would love to assist you in finding the right colours, designs, and materials for your products. Our extensive inventory includes sleeves, carry bags, pot covers, and boxes, as well as bouquet holders, decorative sheets and hardware. To inspire you we can also show you the custom products we have made over the years. For each purpose Koen Pack has unique packaging, readily available in stock. Together with our designers we create the most beautiful combinations for you!

# DUURZAAMHEID EN HET MILIEU

**Wij willen graag met u meedenken over duurzaamheid en u zo goed mogelijk informeren. Niet alleen over de oorsprong van de materialen maar ook over de afvalverwerking daarna. Ons stalenboek en website ondersteunen je bij het maken van de juiste keuzes wat betreft grondstoffen, materialen, eigenschappen en recycling.**

We zouden Koepack niet zijn wanneer we onze klanten niet volledig zouden willen informeren over de opties die er zijn om over te stappen op duurzamere verpakkingen. Omdat er niets gaat boven persoonlijke aandacht, vertellen onze accountmanagers je graag meer over duurzaamheid en gaan we in gesprek over de mogelijkheden.

De **FSC gecertificeerde artikelen** in deze catalogus zijn te herkennen aan dit logo.

## **FSC® Certificaat (FSC® C148914)**

Het Forest Stewardship Council® (FSC®)-systeem zorgt ervoor dat de bossen op onze wereld door middel van verantwoord

bosbeheer behouden kunnen blijven. Door FSC gecertificeerde materialen te gebruiken, draag je direct bij aan de bescherming van onze wereldwijde bossen en aan een gezonde leefomgeving voor mens en dier wereldwijd. Om er zeker van te zijn dat producten met dit keurmerk daadwerkelijk uit een verantwoord beheerd bos komen, moeten alle schakels in de handelsketen van het product worden gecertificeerd. Pas wanneer een bosbeheerder, de papierfabriek en de groothandel aan kan tonen zich aan de regels van FSC te houden, kan een product als FSC worden verkocht en mag het logo erop gezet worden.

Wij zijn gecertificeerd onder nummer SCS-COC-006792 en wij doen er alles aan om te zorgen dat zoveel mogelijk artikelen die we aanbieden gecertificeerd zijn.

By buying these products  
you help take care of the  
world's forests  
FSC® C148914 • www.fsc.org

## SUSTAINABILITY AND THE ENVIRONMENT

**We would like to join you in understanding sustainability and inform you the best we can. Not only do we want to address the origins of the materials but also the waste processing afterwards. Our sample book and website offer assistance in making the right decisions when it comes to raw and source materials, properties and recycling.**

We want to keep you completely informed about the sustainable options available. Because there is nothing quite like personal connections, our account managers would be more than happy to talk about sustainability and the options available to you.

The **FSC products** in this catalog can be recognized by this logo.

**FSC® Certification (FSC® C148914)**  
The Forest Stewardship Council® safeguards forests globally through sustainable forestry

practices. By choosing FSC® certified materials, you help protect our world's forests and ensure a healthier habitat for people and wildlife everywhere. To maintain the integrity of the certification and to guarantee that products are sourced from responsibly managed forests, certification is required at every step of the supply chain.

A product can only be marketed as FSC certified if every link in the chain - from the forest manager to the paper mill, and the wholesaler- proves adherence to FSC standards. Our aim is to achieve certification for as many of our products as possible. Our FSC License code is FSC-C148914.

# HSPI: HORTI SUSTAINABLE PACKAGING INITIATIVE

Op basis van gestelde ambities uit 'Haalbaarheidsstudie HSPI Duurzaam verpakken Sierteelt' gefinaliseerd op 4 juli 2023 (HSPI, 2023) zijn ambitieuze doelen gesteld waaraan de verschillende participanten uit de branche zich confirmeren.

**HSPI** HORTI  
SUSTAINABLE  
PACKAGING  
INITIATIVE

# HSPI HORTI SUSTAINABLE PACKAGING INITIATIVE

Based on the objectives set forth in "Feasibility Study HSPI Sustainable Packaging Floriculture" finalized July 4th, 2023 (HSPI, 2023) ambitious goals were introduced to which different participants in the industry have committed themselves.

Er worden de komende jaren expliciete eisen aan en ambities voor de recyclebaarheid van verpakkingen en het toepassen van recyclaten in verpakkingen gesteld door wetgeving en commerciële partijen. De verpakkingindustrie zal hiervoor grote aanpassingen moeten doen. Vanwege de gemeenschappelijke doelen binnen de circulariteitseisen is er een noodzaak om samen te werken om doelstellingen voor duurzame sierteelverpakkingen te ontwikkelen.

#### De ambitie is als volgt omschreven:

De bedrijven streven naar transparantie in de keten en gecentraliseerd inzicht te verschaffen in de inspanningen en garanties op sociaal & ecologisch vlak, teneinde hun deel van de keten te sluiten op weg naar volledig verantwoorde en volledig circulaire

sierteelverpakkingen in 2040. Het doel is verpakkingen volledig recyclebaar te maken en te laten bestaan uit zoveel mogelijk gerecycled of hernieuwbaar materiaal.

Het programma bestaat uit drie hoofdthema's: Materialen en Verpakkingen, Footprinting & LCA en Ketentransparantie. De thema's worden verdeeld in werkgroepen, waar oplossingen worden ontwikkeld die de deelnemers gaan toepassen om de gestelde doelen te zullen halen ([www.hsipi2030.nl](http://www.hsipi2030.nl)).

In the coming years explicit requirements and goals will be set when it comes to the recyclability of packaging and the adding of recyclates through regulations and stakeholders. The packaging industry will have to go to great lengths to adhere. Because of the common goals in a circular economy there is a urgent need to work together to develop objectives for sustainable packaging in the floriculture.

#### The objective is described as follows:

The organizations strive to be transparent and offer insight into the social and ecological efforts and guarantees, in order to obtain full closure of the circle and thus achieve responsible and complete circular

floral packaging in 2040. The goal is to make packaging fully recyclable and for it consist of as much recycled or recyclable material as possible.

The program consists of three main themes: Materials and Packaging, Footprinting & LCA and Chain transparency. The themes are divided in work groups, in which solutions are developed that participants will apply to achieve the goals set ([www.hsipi2030.nl](http://www.hsipi2030.nl)).

# GERECYCLEDE MATERIALEN VOOR ELKE BLOEM & PLANT

Bij Koen Pack gaan we verder dan alleen het aanbieden van kwaliteitsproducten; we zijn toegewijd aan het beschermen van onze prachtige planeet. Daarom zijn we trots om onze nieuwe PCR (Post-Consumer Recycled) verpakkingen te introduceren, een goede stap richting een groenere toekomst.

## Waarom kiezen voor PCR?

- 1 Verminderde afhankelijkheid van fossiele brandstoffen: door PCR te gebruiken in plaats van virgin materialen, helpen we de uitputting van kostbare fossiele grondstoffen te verminderen.
- 2 Verminderde CO2-uitstoot: met PCR verpakkingen verminderen we de uitstoot van broeikasgassen, wat bijdraagt aan een schonere lucht en dus een gezondere planeet.
- 3 Minder afval: we verminderen de afvalberg door oud plastic een nieuw doel te geven. Met PCR verpakkingen dragen we bij aan een circulaire economie.

**PCR verpakkingen zijn recyclebaar en dragen bij aan een duurzamere toekomst.** Deze verpakkingen worden vervaardigd uit gerecycled materiaal, afkomstig van huishoudelijk afval, en kunnen na gebruik opnieuw worden gerecycled.

## Hoe het werkt:

- 1 Inzameling: gebruikte PCR verpakkingen moeten correct worden ingezameld via recyclingprogramma's en -systemen. Dit begint bij de consumenten die de verpakkingen gescheiden moeten houden van ander afval.
- 2 Sortering: zodra de gerecyclede materialen zijn ingezameld, worden ze naar recyclingfaciliteiten gebracht waar ze worden gesorteerd op basis van het type materiaal.
- 3 Reiniging en verwerking: het gerecyclede materiaal wordt grondig gereinigd en verwerkt tot bruikbare grondstoffen voor nieuwe producten, zoals PCR verpakkingen.
- 4 Productie: fabrikanten kunnen deze gerecyclede grondstoffen vervolgens gebruiken om nieuwe verpakkingen te produceren.

# RECYCLED MATERIAL FOR EVERY FLOWER & PLANT

At Koen Pack we go beyond offering quality products; we are committed to protecting our beautiful planet. This is why we are proud to introduce our new PCR (Post-Consumer Recycled) packaging, the next step towards a greener future.

## Why choose PCR?

- 1 Less dependence on fossil fuels: by using PCR instead of virgin materials we reduce exhaustion of precious fossil raw materials.
- 2 Reduction CO2 emissions: by using PCR packaging we reduce the emission of greenhouse gasses, which contributes to cleaner air, and thus a healthier planet.
- 3 Less waste: we reduce garbage by giving old plastic a new purpose. With PCR packaging we contribute to a circular economy.

**PCR packaging is recyclable and contributes to a sustainable future.** These products are made from recycled plastic from discarded materials, from households waste, and can be recycled again after use.

## How it works:

- 1 Collection: used PCR packaging has to be collected properly through recycling programs and systems. This starts with the consumer separating the packaging from other waste.
- 2 Sorting: as soon as recycled materials have been collected they are transported to recycling facilities, where they are sorted based on the type of material.
- 3 Cleaning and processing: the recycled materials are thoroughly cleaned and processed to become useful raw materials for new products, such as PCR packaging.
- 4 Production: manufacturers can use these recycled raw materials to produce new packaging.

# GENERAL TERMS AND CONDITIONS

## ARTICLE 1: DEFINITION

1.1 The private company with limited liability, Koen Pack verpakkingen B.V., hereinafter referred to as "User".

1.2 "Customer" is understood to mean the person/company that has in any way or can be presumed to have accepted the applicability of these General Terms and Conditions.

## ARTICLE 2: GENERAL

2.1 These general terms and conditions are applicable to all legal relationships in which the User acts as offeror, seller, service provider and/or supplier of products and/or services.

2.2 All offers are non-binding, unless a term of acceptance has been stipulated in the offer. All samples and information shown and/or provided with the offer are indicative. Where an offer contains a non-binding offer and the offer is accepted, the User shall be entitled to withdraw its offer within 5 working days after receipt of the acceptance without providing any reason.

2.3 Any agreement made on behalf of the User by a representative or an intermediary authorised to act for the User shall only be binding if such agreement is confirmed in writing by the User in an order confirmation, order or otherwise. Written confirmation shall be deemed to include confirmation by fax and/or email. The agreement shall also be binding if all or part of an order has been delivered or a partial delivery has been made.

2.4 The applicability of the general terms and conditions and/or the terms and conditions of purchase of the Customer are expressly rejected and shall be replaced by the general terms and conditions herein provided, if necessary.

2.5 All changes to arrangements and/or agreements shall only be binding if confirmed in writing by the User.

## ARTICLE 3: TYPESETTING, PRINTING AND OTHER TESTS

3.1 The Customer will be obliged to carefully check typesetting, printing or other tests received from the User, whether or not further to a request to that effect, for errors and defects and to return same with due speed after correcting and approving same.

3.2 Approval of the tests by the Customer will be considered equivalent to acknowledgement that the User has properly performed the work preceding the tests.

3.3 User will not be liable for any deviations, errors and defects that have gone unnoticed in the tests approved or corrected by the Customer.

3.4 All tests performed at the request of the Customer will be charged to same in addition to the agreed price, unless the parties have expressly agreed that the costs of such tests will be included in the price.

## ARTICLE 4: DEVIATIONS

4.1 Deviations of minor importance between the delivered product and original

samples shall not constitute grounds for rejecting the delivered work, applying a discount, dissolving the agreement or claiming compensation.

4.2 Deviations which, taking all circumstances into account, have in all fairness and reasonableness, little or no effect on the practical value of the delivered products shall always be regarded as deviations of minor importance.

4.3 As regards the quality and gram weight of paper and cardboard, deviations that fall within the ranges permitted in the General Terms and Conditions of Sale of the Vereniging van Papiergoothandelaars (Dutch Association of Paper Wholesalers) shall be regarded as deviations of minor importance. These terms and conditions are lodged with the District Court of Amsterdam.

4.4 The quantities to be delivered may deviate from the quoted quantities, Koen Pack BV reserves the right to adjust the quantities to be delivered up to a maximum difference of 5%.

## ARTICLE 5: DELIVERY

5.1 Unless otherwise agreed, delivery will be made ex factory/warehouse of User. The products shall be deemed to have been delivered when User has notified Customer that the goods are ready for shipment.

5.2 User shall make every effort to meet the delivery date stated. An agreed delivery period shall not be regarded as a fixed deadline.

5.3 Risk of the products shall transfer to the Customer when the products reach the Customer's facility.

5.4 The customer has the right to return the goods at its own expense within 14 days without stating reasons or paying a fine.

## ARTICLE 6: PAYMENT

6.1 Subject to any other stipulation, customer shall be obliged to pay the invoices within 30 days of the invoice date without deduction of any discount. Settlement with any claim against user is excluded.

6.2 Any credit restriction surcharge included in the invoice amount shall be deemed to form part of the invoice amount and can only be deducted if the remainder of the invoice is paid within 30 days of the invoice date.

6.3 If the Principal fails to pay the invoice price due in time, it shall owe User interest in the amount of 1.5% of the invoice amount for each month, or part of thereof, that has expired since the payment deadline.

6.4 Payments shall only be valid if effected in the manner indicated by the user. User shall be free to set off any received payment against outstanding costs, interest due and any due and payable invoices that have been outstanding the longest, even where the Customer indicates that a particular payment relates to a specific invoice or if it is clear from the amount transferred that the Customer intended to pay a specific invoice.

6.5 If the customer is in default due to the expiry of the payment term, the user shall

have the right to claim payment of the amount owed at law, without any further demand for payment being required. The user shall have the right to dissolve all agreements it has concluded with the customer if and when the customer fails in the fulfillment of any of its obligations under an agreement with the user, is granted suspension of payment or is declared bankrupt.

6.6 In addition to the amount due, user shall be authorised to claim from customer any and all costs incurred as a result of the latter's non-payment, including judicial and extrajudicial collection costs.

6.7 Extrajudicial collection costs shall be owed by the customer in each and every case for which the user has engaged third-party collection services. Such costs shall equal 12% of the total amount claimed, being the invoice amount increased by the accrued interest pursuant to paragraph 3 of this article, to a minimum of €12.50. If customer pays the principal sum plus the accrued interest and extrajudicial collection costs within 14 days after having received a written demand for payment from the third party instructed by the user to collect the amount due, the extrajudicial collection costs shall be deemed to equal 5% of the amount due, being the invoice amount increased by the accrued interest pursuant to paragraph 3 of this article, to a minimum of €75.

6.8 User shall not be obliged to demonstrate that it has in effect incurred extrajudicial collection costs. If the user files the petition for the customer's bankruptcy, the latter shall owe the costs of the bankruptcy petition in addition to the original amount due plus the associated judicial and/or extrajudicial collection costs.

## ARTICLE 7: ADVANCE PAYMENTS/SECURITY

7.1 At all times the user shall have the right to demand payment or security from the customer before delivering goods or making follow-up deliveries. If the customer fails to make the advance payment or furnish the requested security, any obligation of the user to deliver shall be cancelled, without prejudice to the user's right to claim compensation from the customer for any and all damage, costs and interest payments incurred.

7.2 Any security which has become inadequate at a later stage must, on User's first request, be supplemented so that it once again constitutes adequate security.

## ARTICLE 8: DAMAGE AND LIABILITY

8.1 The user is liable for any damage arising from an intentional act or gross negligence on the user's part or on the part of third parties that he has engaged for the execution of the agreement.

8.2 The liability of the user shall be limited to the amount paid out to the user in that particular case under the liability insurance taken out by the user, increased by the amount of the deductible applicable under the terms of such insurance. In all cases,

user shall not be liable to pay any damages that may exceed the normal invoice value of the goods and/or the services performed for which compensation is being demanded.

8.3 The Principal shall indemnify the User against all claims of parties against the User in respect of compensation for loss or damage sustained by third parties as a result of the goods or services provided by the User.

8.4 User shall under no circumstances be liable for any damage arising from late deliveries or consequential or indirect damage, including loss of profit.

8.5 The User is not liable for damage to or loss or destruction of goods that were stored with the User or with third parties at the request of the Principal. This storage will be for the risk of the Principal at all times.

## ARTICLE 9: COMPLAINTS

9.1 Complaints about the quality of the goods delivered can only be lodged within 8 days after the Principal has discovered the faultiness of the goods delivered, but on no account later than six (6) months after the date of delivery of the goods.

9.2 The Principal shall inspect the purchased goods (or have them inspected) upon delivery - or as soon as possible thereafter. When doing so, the Customer must check whether the delivered goods conform to the agreement, namely whether:

- the correct goods have been delivered;
- the quantity of the delivered goods complies with what has been agreed;
- the delivered goods meet the agreed quality requirements or, if no such requirement has been agreed, the requirements that may be set for normal use and/or commercial purposes.

9.3 Complaints for incorrectly delivered goods shall be notified to the User within 8 days. Complaints shall be notified to the User in writing with acknowledgement of receipt.

9.4 Complaints concerning invoices must be submitted in writing within eight (8) days from receipt of the invoices. In the absence of a written objection against the invoice within that period, the invoice shall be deemed to correctly reflect the transactions with the User.

9.5 After expiry of the terms referred to in this article, the Principal will be deemed to have approved the products delivered or the invoice, respectively. As from that date, complaints will no longer be accepted by the User.

9.6 Any visible deficiencies/defects and/or damage must be notified by the Customer on the consignment note or the delivery document. If the goods have been received on delivery without comments on the consignment note or the receipt as regards damaged goods, package and/or the external state of packaging, they will be regarded as having been delivered in good and undamaged condition.

9.7 A complaint must at least contain and extensive and accurate description of the defect as well as a statement describing any

other facts from which it may be deduced that the goods delivered by the User and the goods rejected by the Principal are the same.

9.8 The goods to which the complaints pertain must be made available for inspection by the User in the state in which they were at the time that the defects were discovered and may not resold unless the User has granted explicit consent in that respect. It is the responsibility of the goods available, the situation upon delivery must be recorded on visual material (photo/film).

9.9 Complaints pertaining to a part of the products delivered will not constitute a reason to reject the entire shipment, unless the batch delivered cannot reasonably be considered as usable in such a case.

9.10 Products delivered may only be returned after prior written consent from the User on conditions to be determined by the User.

9.11 Any claim of the Principal shall extinguish after the Principal has put the product to use, processed or treated it, printed or cut it, or has delivered it on to third parties, unless the Principal demonstrates that it was not reasonably able to notify the User of its complaint at an earlier stage.

## ARTICLE 10: RETENTION OF TITLE

10.1 All delivered products shall remain the exclusive property of the User until the Principal has made the payment in full.

10.2 The User shall be entitled to repossess any products still subject to retention of title until all costs incurred by the User, including (statutory commercial) interest and damages can be recovered through the intended private or public sale of the repossessed products.

10.3 The Principal shall not be entitled to alienate or encumber the products delivered in any way before payment has been made for them in full, unless the User has been informed of this in advance and has agreed to it. Should the Principal fail to comply with this obligation, the purchase price shall then be immediately due and payable in full.

10.4 Dutch law applies to all agreements between the customer and the supplier. All disputes between parties related to an agreement concluded by them will be settled by a competent Dutch court. For export to Germany, the extensive retention of title under German law applies and not the simple retention of title under Dutch law.

## ARTICLE 11: FORCE MAJEURE

11.1 Force majeure is understood to mean an circumstance independent of the will of the supplier that permanently or temporarily prevents the supplier from complying with the agreement, as well as insofar as this does not already include war, threat of war, strike, pandemic, outbreak (examples: COVID-19, SARS), exclusion of workers, transport difficulties, fire and other serious malfunctions within the company of the supplier or its suppliers.

11.2 The Supplier is not obliged to fulfill any obligation in the event of force majeure. In the event that the supplier is unable to fulfill the agreement due to force majeure, the customer is obliged to pay for the work performed by the supplier up to that point. The costs of moving or shifting as a result of force majeure of the supplier's obligations under this agreement will be charged to the customer as additional work. 11.3 In the event of force majeure, the customer is not entitled to dissolve the agreement and/or to claim compensation.

## ARTICLE 12: EXCLUSION OF SUSPENSION

12.1 Payment of the supplier's invoices must be made within the agreed payment term. After the expiry of that period, the customer is deemed to have accepted the correctness of the invoice, unless the customer has previously objected in writing. The customer does not have the right of set-off or suspension. All (extra) judicial costs of the supplier related to the collection of its claims are for the account of the customer.

## ARTICLE 13: APPLICABLE LAW AND STATUTE OF LIMITATIONS

13.1 The claims of the principal against the supplier will become prescribed not later than after the expiration of one year after these claims have arisen.

13.2 The legal relationship between the supplier and the principal will be exclusively governed by the laws of the Netherlands. All disputes that may arise from the legal relationship will be submitted to the competent court of Amsterdam. These General Terms and Conditions of Delivery and Payment have been filed with the Chamber of Commerce in Amsterdam under number 34241019.
